THERMO CUSTOM FITTING PROGRAM

NEW FEATURE
CUSTOM
THERMO FIT
LINER

+ CUSTOM THERMO FIT LINER [CTF]

To lead, one must innovate—and DEELUXE's Custom Thermo Fit liner charges into the future. With fresh technology and a sophisticated design, it makes its debut as the best custom fit liner in the game. With a precisely tailored anatomical design and an advanced perforated foam, it cradles the contours of your foot while maximizing performance. For the perfect blend of warmth and breathability, the perforated foam also aids in regulating temperature. A four-way-stretch heel harness and exoskeleton deliver an unrivaled fit at the ankle and exceptional support. And thanks to a deep heel pocket and an ankle zone with mesh that's especially grippy, the Custom Thermo Fit liner provides unsurpassed heelhold. To customize the liner's fit even further, it can be thermomolded with DEELUXE's Liner Precision Fit Pads. No wonder the Custom Thermo Fit Liner stands to be a favorite among riders and bootfitters alike. Reimagine what's possible with DEELUXE's Custom Thermo Fit liner.

NEW FEATURE
STAGE 4
LINER

+ STAGE 4 LINER [S4]

Hold nothing back with DEELUXE's Stage 4 liner. Featured in some of the finest boots in our collection, this premium liner delivers an unprecedented out-of-the-box fit. With a precisely tailored anatomical design and a refined heel pocket, the liner hugs the contours of your foot while maximizing performance. An external heel harness further cradles your foot while providing exceptional heelhold, as well as quick and secure lacing. For additional comfort, the Stage 4 liner sports a roomier toe box with a four-way stretch material. The freshly-designed back panel further enhances the liner's fit while optimizing support. And for an unsurpassed custom fit, the liner can be thermofitted—with or without toe caps. Unleash your potential with DEELUXE's Stage 4 liner.

NEW FEATURE
FLEX
BOOSTER

+ FLEX BOOSTER

Available as an accessory, the Flex Booster strengthens a boot's tongue, creating a stiffer flex while offering additional support. It can also prolong the life of a boot by restoring or enhancing its flex. Thanks to a progressive design, it provides greater resistance as it bends, optimizing support and protection—especially from harsh landings. As icing on the cake, the Flex Booster enables you to modify a boot's flex for specific adventures—be that reinforcing the flex of a jib boot to slay kickers or transforming a freestyle boot into a banked slalom hero. You don't need gym shorts to appreciate this flex.

FLEX BOOSTER 1K 532111-1000/9110 S / M / L
FLEX BOOSTER 2K 532112-1000/9110 S / M / L

THERMO CUSTOM FITTING PROGRAM

+ THERMO FLEX PREMIUM LINER

To perfectly cradle the contours of your feet, Thermo Flex Premium liners are heat moldable. They must be placed in a special oven that is heated to between 90-110 °C. While cooling, the liners are fitted to your feet and will retain their form. For additional comfort and support, liner precision fit pads can be strategically placed on your feet during the custom fitting process. These flagship liners represent the pinnacle of comfort and performance. Their perforated foam offers unrivaled breathability while the leather lining enhances heel hold and fit. And instead of offering security only at the shin, Thermo Flex Premium liners provide extra support in the ankle area thanks to their external heel harness. DEELUXE Thermo Flex Premium liners can be refitted up to 10 times.

SPARK XV

THE BACKCOUNTRY BENCHMARK

Since making its debut nearly a decade ago, the Spark XV has served as the benchmark for backcountry boots. Developed and continually refined by Xavier de Le Rue, this legendary boot offers exceptional support, lively boardfeel, and precise control for hiking, skinning, and riding. And although the Spark XV is designed to handle the most extreme conditions in the backcountry, it excels in any terrain. To further enhance the boot's signature performance, we've infused the Spark XV with our all-new Stage 4 liner, Freeride Tongue, and a rubber toe cap that maximizes durability. Make no compromises with the Spark XV.

JAPANESE SOUL

Whether it's a crisp method, a fresh pow slash, or a creative line through the trees, the best riding comes from the soul. United by this belief, DEELUXE and Areth have teamed up to create the Areth Rin. Armed with a classic appearance, it pairs clean design with rich materials and sophisticated technology. Combining the best of both worlds, its traditional laces offer a timeless look and familiar feel while the boot's BOA® Fit System allows you to quickly and effortlessly attain a precise fit in the heel and ankle area. This season, we've further refined the boot's performance, infusing it with our all-new Stage 4 liner and a Remedy sole for even greater traction and cushioning. If your riding comes from within, consider the Areth Rin your soulmate.

DEEMON L3 BOA

THE BEST DEEMON EVER

Through the years, the Deemon has emerged as DEELUXE's all mountain flagship boot. With the perfect blend of comfort and response, it's at home in any terrain. Yet we've made this iconic boot even better, completely reimagining it for this season. A new flex window provides a smooth and consistent riding experience while a rubber print throughout the ankle zone makes the boot even more durable. DEELUXE's new Double Back offers additional protection from binding abrasions and boosts control and precision. We've also added a fully customizable BOA® Fit System that uses a proprietary configuration found exclusively on the Deemon L3 BOA. And to maximize performance and comfort, the boot sports our all-new Stage 4 liner and Freeride Tongue, which provide a truly custom fit. Destroy the entire mountain with the best Deemon ever.

FOOTLOOSE 2

NEXT LEVEL POWSURFING

At DEELUXE, we're guided by a commitment to continual refinement. And this is especially evident in the Footloose 2. After debuting the world's first boot dedicated to powsurfing and noboarding—the Footloose—to rave reviews, we immediately began soliciting feedback from the powsurf community on how we can evolve the boot and further support those who love to ride without bindings. This led to the creation of the Footloose 2, a boot born from a desire to bring a completely new look and feel to powsurfing. It sports an all-new powsurf-specific liner that enhances both foothold and mobility, affording better board control and making it especially easy to initiate smooth turns. We've also repositioned the lacing for even greater heelhold. And a double-lasted toe cap boosts durability while offering additional grip for those looking to ollie and infuse their riding with skate-inspired tricks. Welcome to a completely new powsurfing experience.

ID DUAL BOA

LOCKED AND LOADED

Through the years, riders across the globe have turned to the ID as their go-to boot. And by now pairing it with the BOA® Fit System, we've given them all the more reason to love this iconic model. Two BOA® dials allow you to independently adjust the upper and lower zones of the boot, maximizing performance and comfort. And thanks to its Pro Flex construction, the ID Dual BOA features the perfect blend of flex and stability. It comes as no surprise that this boot was chosen for the Whitelines 100 Award when it made its debut last season. No matter the terrain or the conditions, the ID Dual BOA elevates your game.

Ride in good company with DEELUXE's Team^{ID} LTD. This limited edition of the TeamID features a double Power Strap and a team-inspired colorway. With a mid-soft flex, this freestyle boot is perfect for riders who want out-of-the-box comfort but still demand support. Equipped with L3 lacing—our most advanced and versatile speed lacing system—the Team^{ID} offers enhanced heelhold and exceptional board control. Its grippy Skate Flex sole further improves boardfeel. And this season, we're making the iconic boot even better by infusing it with our all-new Freestyle Tongue and Stage 3 liner. Lace up the Team^{ID} and send it with style.

KEVIN BACKSTROM

Whether he's slaying kickers, boosting side hits, or buttering knuckles, Kevin Backstrom oozes style. Yet his creativity transcends the snow, as he's also a gifted designer. We gave Kevin the chance to reimagine his favorite DEELUXE model—the Team^{ID}—to develop his first signature colorway. Like the flaming roses that adorn it, the boot provides an unexpected blend of power and grace. With a mid-soft flex, this freestyle boot is perfect for riders who want out-of-the-box comfort but still demand support. Equipped with L3 lacing—our most advanced and versatile speed lacing system—the Team^{ID} KB offers enhanced heelhold and exceptional board control. Its grippy Skate Flex sole further improves boardfeel. And this season, we're making the iconic Team^{ID} even better by infusing it with our all-new Freestyle Tongue and Stage 3 liner. With no shortage of style, the Team^{ID} KB is worthy of its namesake—and worthy of your feet.

LEGENDARY PERFORMANCE

Since its inception, the ID has been a team favorite—and one of our best-selling boots. By blending a timeless design with inspired technology, it provides exceptional comfort and performance from first chair to last. The ID's Pro Flex construction creates the perfect blend of flex and stability while its grippy Skate Flex sole offers enhanced boardfeel. The boot's Sidekick technology uses two reinforcing elements—one lateral and one medial—to maximize the transmission of power. This allows you to transition from edge-to-edge faster and delivers a snappier ride, giving you better pop when ollieing. And this season, we're making the ID even better by infusing it with our all-new Freestyle Tongue and Stage 3 liner. Slay the whole mountain with the ID.

ORIGINAL

BOLD FOUNDATION

With a nod to the past, the Original provides a glimpse of the future. This soft freestyle boot blends an old school appearance with sophisticated technology. Its plush ride and exceptional boardfeel find inspiration in skate shoes. Traditional lacing gives the boot a classic look and feel while a Power Strap offers extra support at the shin to boost response. The boot's grippy Skate Flex sole enhances boardfeel while its Free Flex construction creates a supportive, surf-like flex. And this season, we've further refined the Original by infusing it with our all-new Freestyle Tongue and Stage 3 liner. Embrace a new classic with the Original.

DNA

GET HOOKED

With a look and feel inspired by a trusted pair of sneakers, the DNA is the freshest addition to DEELUXE's freestyle line. And it's already emerging as a favorite among riders who spend their days jibbing and lapping the park. With a slightly softer flex, it pairs out-of-the-box comfort with all of the features you need to have a great day slaying the slopes or seeking out kickers and rails. Combining the best of both worlds, its traditional laces offer a classic ride and appearance while the boot's BOA® Fit System allows you to quickly and effortlessly attain a precise fit in the heel and ankle area. Especially thin, the DNA's deconstructed-style Jib Tongue is paired with a grippy Skate Flex sole to directly transfer power and maximize boardfeel. And thanks to its Stage 2 liner, the boot provides an incredible ride from day one. The only downside? The DNA is so comfortable you might forget you're wearing it long after you step off the snow.

NEXT GENERATION

The Rough Diamond channels DEELUXE's legendary quality and technology into a kid-specific design and construction. It also delivers no shortage of style thanks to the legendary artwork of former DEELUXE pro TJ Schneider. Especially easy to get in and out of, the boot features DEELUXE's tried and tested Power Strap and the BOA® Fit System for a fast, effortless, precision fit. Its new Stage 1 liner offers plenty of comfort and warmth so kids can enjoy the slopes even longer. The Rough Diamond is also designed to accommodate a grom's rapid growth. Because the BOA® Fit System and Stage 1 liner cradle the contours of the foot especially well and provide exceptional heelhold, we recommend purchasing the Rough Diamond one size larger than a child's current boot size. This affords room to grow without compromising the boot's fit or performance. After all, the next generation of shredders deserves the best.

DEMAND MORE

At home anywhere, the Empire Lara is our most sophisticated boot for female riders. Loved and revered for its asymmetrical flex, this premium all mountain boot provides a truly unique riding experience and thrives on making turns that are especially smooth. Its L3 lacing system delivers a precise fit and exceptional heelhold. No wonder it received the prestigious Whitelines 100 Award last season. Making a legendary boot even better, we've infused this season's model with our all-new Freeride Tongue, which enhances durability and enables riders to further customize the boot's flex. And for a tailored fit that offers maximum comfort, the Empire Lara showcases our all-new Stage 4 liner. It's time to demand more from your boots—step into a new kingdom with the Empire Lara.
