POW

ALL DAY EVERY DAY

RESET COLLECTION

FALL | WINTER 26/27

Mt Baker, Washington State

Born out of the Pacific Northwest, POW creates high-performing handwear and accessories.

From the beginning, and still to this day, POW products are designed and tested in our home state of Washington, located in the Pacific Northwest.

14 **CASCADE** SERIES

OVER A DECADE OF PROVEN PERFORMANCE COMBINED WITH MODERN MATERIALS AND OUR MOST POPULAR UNDER CUFF STYLES. THE CASCADE SERIES EXEMPLIFIES POW'S COMMITMENT TO THE BEST FITTING, HIGHEST PERFORMING GLOVES IN THE GAME.

38 **STORM** SERIES

THE STORM SERIES OF GLOVES FEATURES TECHNICAL MATERIALS, LONG AND SHORT CUFF OPTIONS, UNIQUE VENTILATION SYSTEMS, AND OUR WIDEST TEMPERATURE RANGE FOR "ALL DAY EVERY DAY" FUNCTIONALITY.

66 **SEASONS** SERIES

THE SEASONS SERIES IS A COLLECTION OF GLOVES & MITTS THAT CAN BE USED ANYTIME THROUGHOUT THE SEASON; WHETHER IT'S EARLY FALL AND YOU'RE STOKED TO GET OUT AND GO SHRED OR ITS ALL ABOUT PARK AND PIPE LAPS IN LATE SPRING.

82 **UTILITY** SERIES

TAKING "FUNCTIONAL" HANDWEAR TO A WHOLE NEW LEVEL. THIS SERIES INCORPORATES FUNCTION SPECIFIC SHELLS AND HIGH-TECH LINERS FOR THOSE WHO WORK AND PLAY OUTSIDE YEAR-ROUND.

96 **WOMEN'S** SERIES

TOP-TO-BOTTOM PERFORMANCE IN WOMEN'S SPECIFIC STYLES. INCORPORATING ELEMENTS FROM OUR CASCADE, STORM AND SEASONS SERIES WITH FITS AND FEATURES WOMEN EXPECT IN THE HIGHEST QUALITY HANDWEAR.

130 **LINER** SERIES

THE LINER SERIES FEATURES TECHNICAL MATERIALS, TOUCH ENABLED FINGER TIPS AND A COMFORTABLE FIT GIVING YOU A WIDE RANGE OF USABILITY OPTIONS. DON'T LEAVE HOME WITHOUT EM'!

136 **YOUTH** SERIES

OUR FAVORITE STYLES IN KID-SPECIFIC FITS. NOTHING SHUTS A SHRED DAY DOWN FASTER THAN COLD, WET HANDS. OUR YOUTH SERIES IS DESIGNED FOR KEEPING OUR KIDS ON SNOW AND OUT OF THE HOT-COCOA LINE.

158 **SOCK** SERIES

UNCOMPROMISED PERFORMANCE, COMFORT AND FUNCTION, OUR SOCK COLLECTION IS A WITH PREMIUM MATERIALS, ENGINEERED FITS AND FUNCTIONAL DETAILS THROUGHOUT. THE BEST FITTING, HIGHEST PERFORMING SOCKS IN THE GAME.

170 **HEADWEAR** SERIES

FORM MEETS FUNCTION WITH THESE POW HEADWEAR ITEMS DESIGNED TO KEEP YOU WARM FOR ALL YOUR ADVENTURES IN DIFFERENT WEATHER CONDITIONS. WHETHER IT BE RIDING POW OR HANGING IN THE PARKING LOT WITH THE HOMMIES THESE OPTIONS ARE CRAFTED TO KEEP YOU WARM AND DRY.

POW GLOVE TECH OVERVIEW

WATERPROOF INSERTS

POW Gore-Tex styles now feature the new ePE Membrane which features the new innovative Gore-Tex membrane that enables durable performance, is pfas-free* and has a reduced carbon footprint, protection and comfort. Waterproof and breathable gloves engineered with GORE-TEX inserts are durably waterproof, windproof and breathable - guaranteed. They offer enduring weather protection and comfort, balanced heat transfer and optimum moisture management - even in the harshest conditions. As a result, your hands stay warmer when it's cold, and drier when you perspire.

Hipora is a 3 layer membrane that prevents water from coming in while letting moisture out.This premium fabric has a micro-porous structure with a polyurethane coating. The layers of material have tiny holes in it so water can't get in, but moisture will release out.

SoDry is a Waterproof membrane with a uniform structure made to withstand wet and cold conditions. SoDry membranes are highly durable, exible and waterproof. These membranes give peace of mind and will remain consistent for a long period of time.

INSULATIONS

Primaloft® Gold insulation is designed to regulate your comfort level during intense activitywhile offering performance without compromise in a wide range of conditions. Warmth without bulk, water resistant, 4-way stretch, breathable, packable and lightweight, superior softness and 45% post consumer recycled content.

3M™ Thinsulate™ Insulation is warm yet lightweight, powerful yet thin. It helps trap and hold body heat, while allowing moister to escape. The extremely ne micro bers in Thinsulate insulation help trap air and block body radiant heat loss, making it an ef cient insulator. The high warmth-to-thickness ratio of this insulation enables glove designs with less bulk and enhanced freedom of movement.

Fiber Fill is a synthetic fiber used for insulating gloves giving you warmth and comfort while in use. With the ability to trap air up to 97% of it's volume, this insulation is great for keeping you warm. Fiber II has a very soft hand feel and is a very durable insulator.

ALL DAY EVERY DAY

SHELL FRABRICS

POW shell fabrics are sourced from suppliers who meet one or more of the certifications listed below. All recycled polyesters are traced to ensure compliance with the recycling claims made.

The gold standard for more sustainable textiles is bluesign.The bluesign system is unique and is designed to eliminate environmentally harmfu substances right at the start of the textile supply chain using its input stream management system to minimize impacts on people and planet. Every fabric carrying a bluesign product or approved label has been manufactured to strict safety standards in the industry.
See our table below for Bluesign approved fabrics used in POW products.

Toxics in Textiles can harm your health through breathing and skin contact. Any fabric which is OekoTex approved means that the fabric has been tested and is certified to remove harmful substances to protect your health.

STANDARD 100 certified items including every thread, button and accessory, are tested against a list of over 1,000 substances that are harmful to your health but also to the environment.

This is an international certification we use for tracking recycled materials in shell fabrics. GRS Means a guarantee for certified recycled material content, in our case Textiles, and the process considers the entire production process from raw material to finished product.

“GRADE A” LEATHER

POW only purchases the finest goatskin from the world’s top tanneries audited by the Leather Working Group (LWG). By only using Leather from LWG certified tanneries, POW is only working with Leather and suede items that are certified and audited to meet LWG high environmental, chemical, traceability, social and governance audit standards. Our Indonesian tannery meets the highest LWG standard of GOLD rating. Our leathers are hand picked for their quality and consistent thickness. Where possible our goatskin touch leathers are treated to include touch capable performance without compromising feel or durability.

SUEDE LEATHER
Leathers that are finished by buffing each side to produce the softest of suede. These suede leathers are all from top quality hides and from the world’s top tanneries.

PALM MATERIALS

AX SUEDE LEATHER
Built specifically for gloves, this Vegan polyester leather offers high abrasion resistance, dexterity, no pilling, and adds a soft pliable feel.

AMARA SYNTHETIC LEATHER
High quality microfiber synthetic leather with a soft and comfortable feel. Amara leather has excellent abrasion resistance, breathability and superior durability.

RUBBER-TEX
A polyester substrate palm material that is highly durable, flexible and waterproof. A slight texture increases grip and improves abrasion resistance.

PU WATERPROOF
A polyester substrate palm material that is durable, light weight, waterproof and flexible. All PU waterproof material used meet all EU and USA (WA, CALli, CO) environmental standards.

POW GLOVE TECH OVERVIEW

LINING AND LINERS

ANTI PILL POLY MICRO FLEECE
A polyester micro fleece with anti-pilling, moisture wicking, quick drying and breathable properties. It has a ultra smooth hand feel.

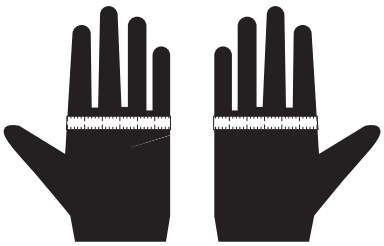

200G MICRO FLEECE
A thick brushed polyester micro-fleece with moisture wicking and quick drying properties that will keep you nice and cozy in cold winter conditions. Where possible POW aims to replace all virgin polyester with recycled polyesters.

RECYCLED POLYESTER MILKY FIBER
POW's easy to wear recycled polyesters is used in the construction of our liners, balaclavas and soon to be released base layers. The breathable polyester properties is light weight, breathable and features antimicrobial and moisture management properties designed to keep you dry and warm on POW days.

MERINO WOOL
Easy to wear next to skin and comfortable in a range of temperatures. This light weight and breathable wool has antimicrobial and moisture management properties unmatched by other materials. POW only sources merino fibres which meet the Responsible Wool standard. By using RWS certificated merino we are purchasing merino from suppliers who are evaluated and certified for animal welfare, land management and social requirements as set out in the standard.

GENERAL FIT GUIDE

POW Gloves are patterned to the hand for the end use it was designed for. We designed some styles to larger to add more loft and room for air to move around creating more warmth(Lofted Fit), some styles that have a balance of loft and tactility (Common Fit), and styles that were built to tighter for more tactile feel (Prole Fit). Most POW styles were built with Pre-Curve pattern construction giving you the most natural hand form and comfort throughout the day.

FIT GUIDE STRUCTURE

LOFTED FIT

Styles that give you extra room between the lining and your hand creating better warm air circulation. These styles are insulated with higher gram insulation weights and have greater warmth values.

COMMON FIT

Styles that give you a good balance of warmth and tactility. These styles are generally insulated with a compressed insulation for a that has less bulk.

PROFILE FIT

Styles that give you ultimate tactical feel. These styles are lightly insulated or not insulated at all for a real feel type.

ALL DAY EVERY DAY

WARMTH RATING

POW Gloves warm rating icons are meant to be interpreted as a general guide for the insulation build and performance of said glove/mitt. It is generally known that mitts are warmer than gloves due to the fact that your fingers share heat when they are not separated by fabric.

Insulated/Built for cold to very cold winter days.

Insulated/Built for cold winter days.

Insulated/Built for cool winter days to cool spring days.

Insulated/Built for cool spring days.

FEATURE ICONS

Ergonomically designed natural hand curve for maximum dexterity.

Wrist leash triangle included so you can add a wrist leash to your gloves.

Wipe the elements away with a swipe of your thumb.

Natural, orderless merino wool is excellent at regulating body temperature.

The finest goatskin from the worlds top Tanneries.

Fits under your jacket cuff for a clean look.

Wet or dry, never lose your grip.

Percentage of material used is recycled PET.

For those who need extra warmth.

Touchscreen capable for any of your mobile devices.

Wrist leash included so you don't blow it.

Temperature control at the pull of a zipper, back hand venting for total comfort.

Liner, shell or combine them for a proven layering system in any climate.

High loft on the back hand for warmth and low profile loft on the palm for secure grip.

Fits over your jacket cuff for powder protection.

The patented hook and loop system will not snag your base layers or jacket.

Removable glove liner with touch capability included.

“THE BEST FITTING, HIGHEST PERFORMING GLOVES IN THE GAME.”

CHRIS RASMAN
STEALTH GTX® GLOVE

Introducing the new waterproof GORE-TEX ePE membrane.

GORE-TEX Products with innovative ePE membrane provide durably waterproof, windproof, and breathable protection with a long product life; they are PFAS-free* with a reduced carbon footprint.**

HOW IT WORKS

MEMBRANE

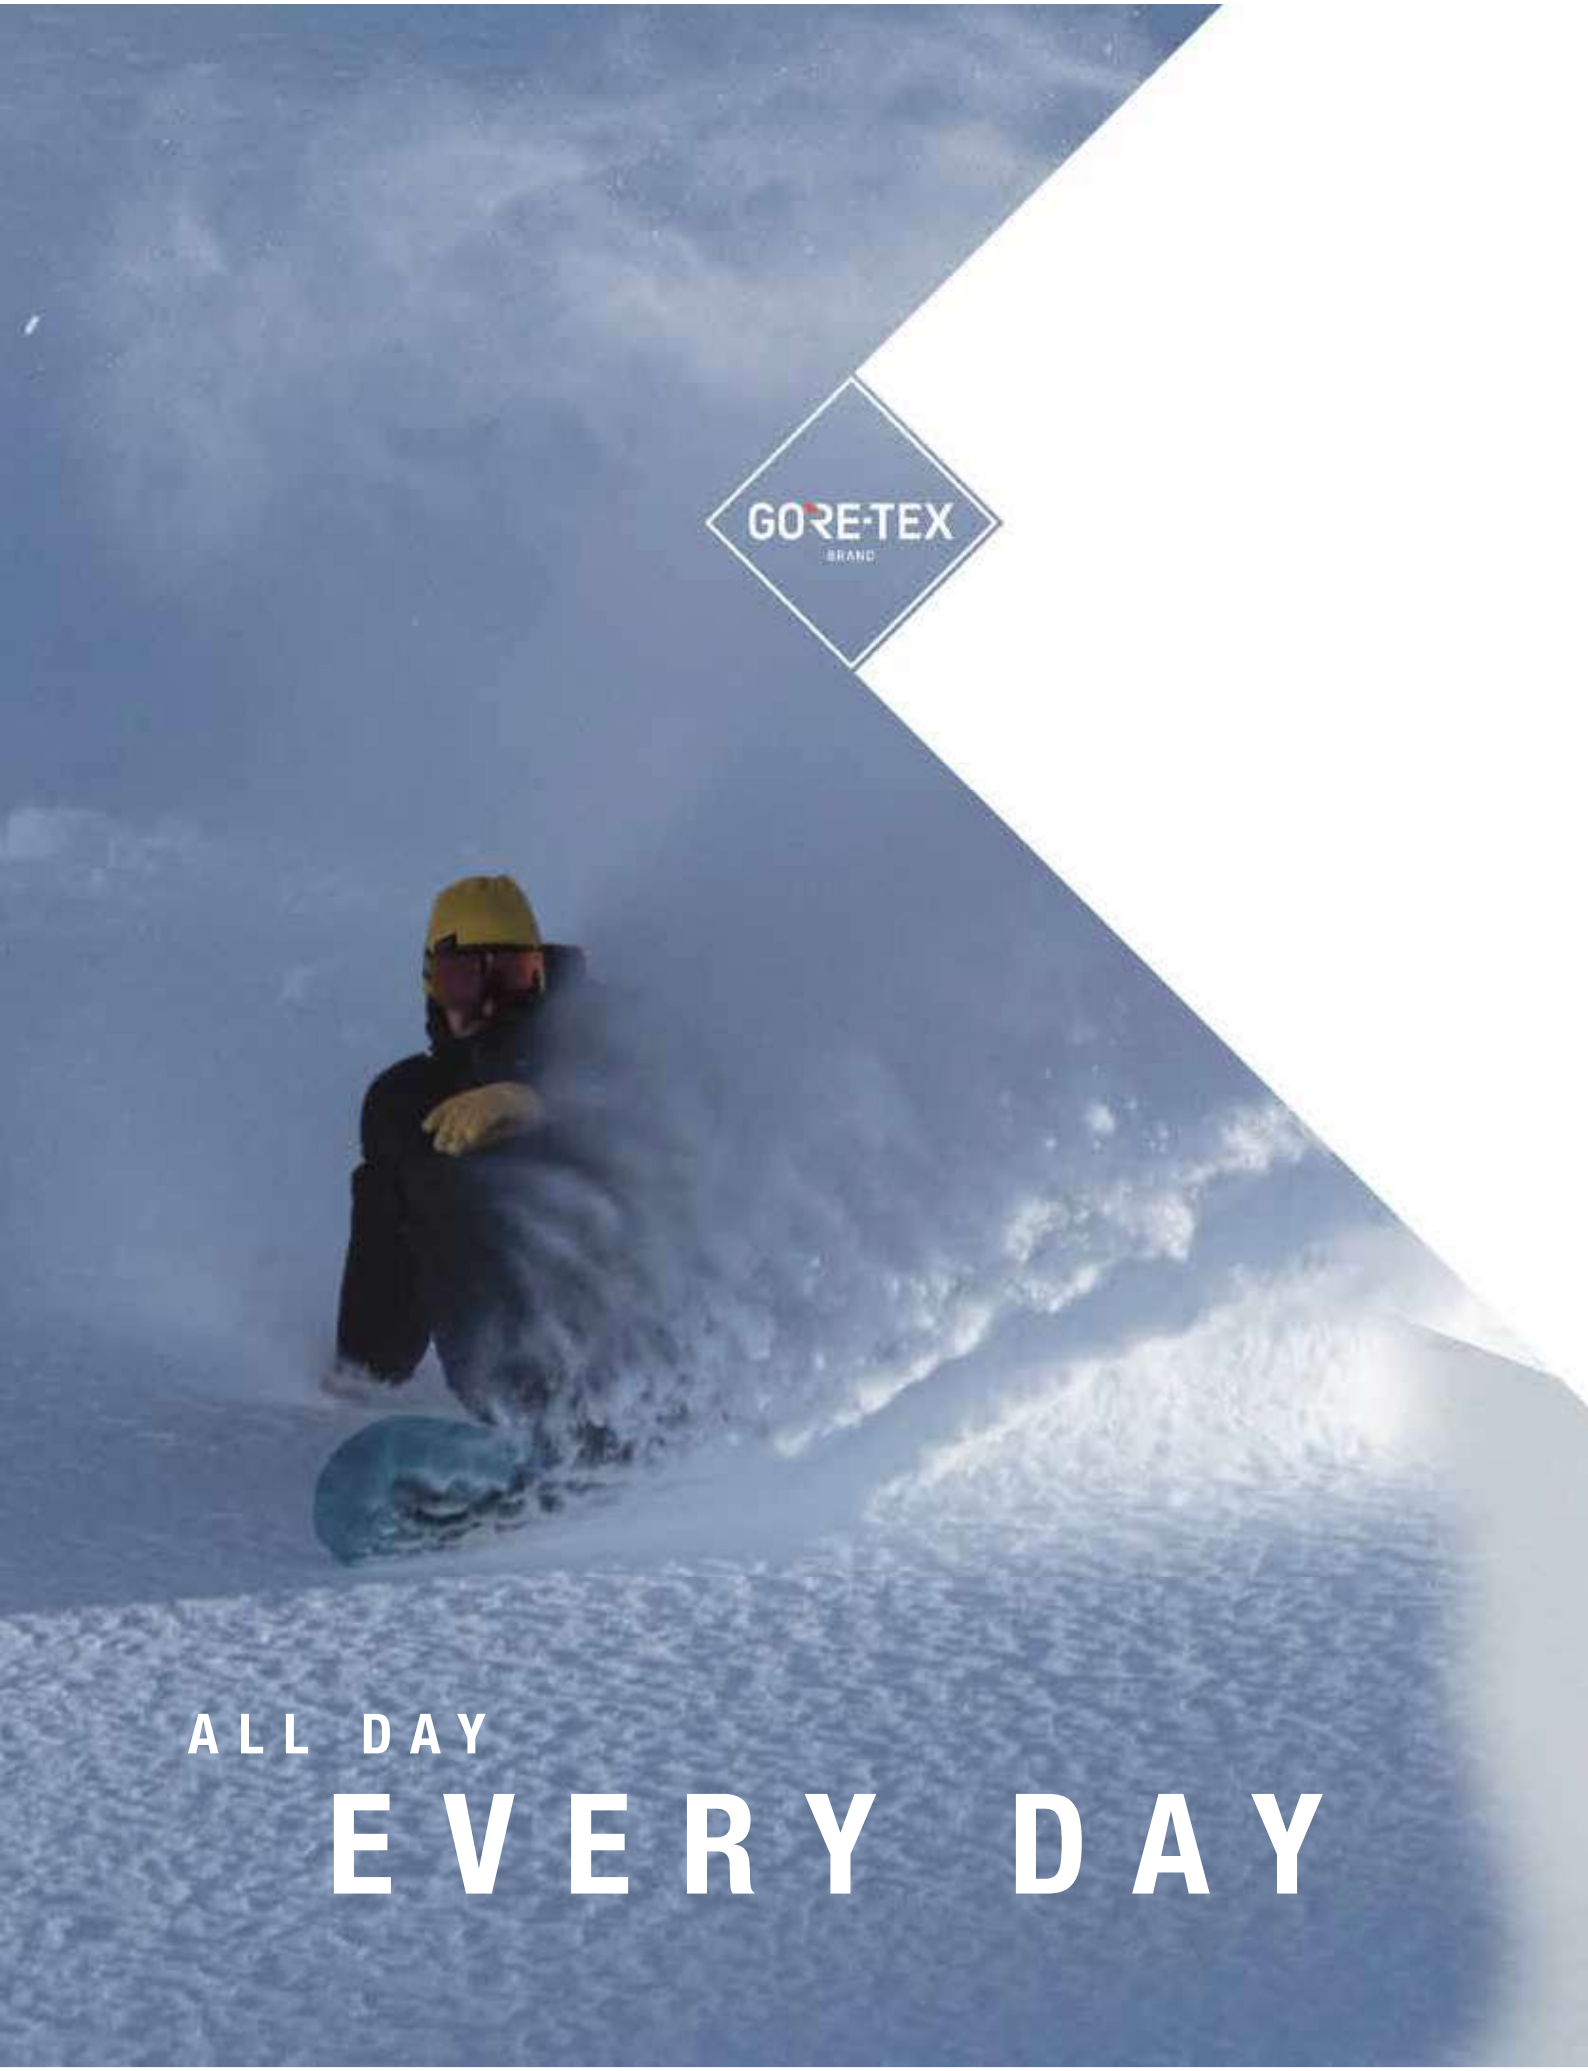

THE INNOVATIVE GORE-TEX MEMBRANE ENABLES DURABLE PERFORMANCE, IS PFAS-FREE* AND HAS A REDUCED CARBON FOOTPRINT**

The innovative GORE-TEX membrane is based on expanded Polyethylene (ePE). This membrane is light, thin yet strong and enables durable waterproof, windproof and breathable performance. It is PFAS-free* and has a reduced carbon footprint (per Higg MSI) achieved by its lower material mass along with a new material combination.

LAMINATE CONSTRUCTION

GORE-TEX PRODUCTS FEATURE AN INNOVATIVE MEMBRANE AND CAREFULLY SELECTED TEXTILES TRUSTED COMFORT AND PROTECTION.

From the inner lining to the GORE-TEX membrane to the outer material, every aspect comes together to guarantee a balance of comfort and protection for a range of outdoor experiences. All components in gloves with GORE-TEX product technology are rigorously tested by Gore to enable durable performance with a long product life.

GORE-TEX
BRAND
ALL DAY
EVERY DAY

GORE-TEX GLOVES

Trusted protection and comfort. Make more of every day.

More comfort. Better protection.

Skiers, snowboarders and many more outdoor adventurers trust GORE-TEX gloves to keep their hands protected, mobile, and comfortable.

As well as all being guaranteed waterproof, windproof, and breathable, gloves made with GORE-TEX product technologies offer a range of additional benefits.

Gore plus warm technology

Highly insulated. Durably waterproof. Adventure doesn't go home early.

If you're heading out for a long day mountain touring or just know you'll be out adventuring for hours when the mercury is low, you need protection you can rely on. GORE-TEX plus warm gloves are designed to keep your hands comfortably warmer and protected for longer. They're also totally windproof, breathable and carry our GUARANTEED TO KEEP YOU DRY™ promise.

Gore active technology

Extremely breathable. Durably waterproof. Breathe it all in—and out.

Whether it's a fast-paced hike or an intense day on the slopes, when you're taking part in active sports on cool days you need to breathe—and breathe hard. These are the most breathable GORE-TEX gloves available. Even during heavy exercise less heat accumulates and less moisture is trapped in the insulation so it remains drier. These gloves also offer our GUARANTEED TO KEEP YOU DRY™ promise and are totally windproof.

WINDSTOPPER® gloves by GORE-TEX LABS

TOTALLY WINDPROOF. INCREDIBLE COMFORT. MADE FOR ACTIVE HANDS.

TOTALLY WINDPROOF

Blocks all wind so that wind chill won't decrease hand warmth.

EXTREMELY BREATHABLE

Sweat vapor easily escapes, so you stay dry and comfortable.

SKIN COMFORT

Stay dry and comfortable with a design that promotes moisture control. Avoid overheated and clammy hands.

WINDSTOPPER® stretch gloves by GORE-TEX LABS

STRETCH FIT AND FEEL. BETTER CONTROL. MADE TO KEEP ON.

BETTER CONTROL

Less bulk and fewer seams allow for closer contact, improving dexterity. From tying laces to zipping up your bag, these gloves can stay on while you get things done.

STRETCH FIT AND FEEL

A unique 3D-shaping technology with a slim material and fewer seams provides a stretch fit and feel.

EXTREMELY BREATHABLE

Sweat vapor easily escapes, so you stay dry and comfortable.

TOTALLY WINDPROOF

Blocks all wind so that wind chill won't decrease hand warmth.

AUGUST 2.0 LONG GLOVE

Inspired by traditional leather workwear gloves, the August 2.0 has been redesigned from the ground up with the features you've come to expect from our August series, "Grade A" water repellant goatskin leather palm and back of hand, HIPORA® Waterproof insert, Premium anti-pill micro-fleece lining and Primaloft® Gold insulation. Available in Over Cuff for deep days of blower pow or Under Cuff for a more stealth look, the August 2.0 has clean lines and fine finishes that take it to the next level of durability, function, and performance.

FEATURES

+ Premium "Grade A" water repellent leather.
+ Perforated leather at back of hand for maximum breathability.
+ Hipora 3-layer membrane that prevents water from coming in while letting moisture out.
+ Primaloft® Gold / Grip Control insulation to regulate temps and grip during intense activity.
+ Leather trimmed pull tab/eyelet.
+ Micro suede thumb material to wipe your nose or goggle.
+ Wrist Leash included.

VERSA INFINIUM FLIP MITT

If you've ever suffered from cold, wet hands because you had to take your gloves off to do literally anything, then the Versa Windstopper® Flip Mitt is exactly what you need. Much like a Swiss Army knife, the Versa Windstopper® Flip Mitt does it all—from turning screws to tightening boots, from final prep in the parking lot to peeling off skins at the end of the ascent. Featuring Gore-Tex Windstopper® fabrics, Amara palm overlay, grip print and premium Sherpa style fleece lining, the Versa's fold over flip mitt is not only lofted (insulated) for extra warmth, but also tucks into its own pocket. To top it off, we made the thumb accessible with its own convertible top for even more dexterity when needed.

FEATURES

+ Unique multi-purpose convertible mitt featuring WINDSTOPPER® products by GORE-TEX LABS.
+ Totally windproof, extremely breathable and incredibly comfortable.
+ Amara synthetic leather palm overlay reinforcement w/ grip print.
+ Lofted fold-over mitt w/ quilted deco stitch.
+ Convertible fold over thumb for enhanced usability.
+ Sherpa style fleece lining in mitt.
