

WHAT'S NEW

Duotone 2026

True Stand Up Paddling

Duotone's first SUP lineup comes with an array of innovations:

iSUP range

- × All new shapes
- × SLS Technology: the lightest boards with the most compact packaging dimensions. Yet super stiff and durable, which we back up with our unique +6 warranty extension*

Hardboard range

- × Complete new range covering every aspect from wave and all-round to touring and even racing.
- × All new shapes
- × 4 different technologies from budget-friendly to high-end D/LAB made to order boards

Paddle range

- × 5 different paddles covering every aspect from kids, beginner, all-round up to 100% carbon high-end

iRIG and Drift.Stopper now under DTS

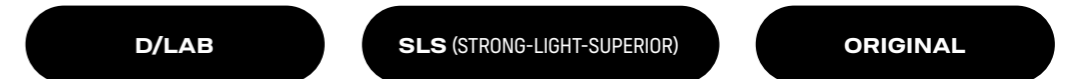

- × These exclusive innovations are the ideal supplements to SUP boards and will strengthen our leading position within the SUP market

At Boards & More, we believe our passion for watersports and cycling goes hand in hand with protecting nature. That's why we've joined 1% for the Planet, donating 1% of our online revenue to environmental and social projects worldwide.

1% for the Planet is a global movement that advocates for the protection of the Earth as well as social justice to ensure a sustainable future for generations to come.

Through our partnership with Viva con Agua, we support the global vision of Water for All. Our annual donation funds two key projects in Cape Town, including the WASH Bus, a mobile unit offering showers and hygiene education to people in need.

These efforts reflect the values of our Save Our Playgrounds program – because preserving oceans, beaches, and mountains means safeguarding our playgrounds for future generations.

Let's ride the wave of change – together.
